EAGER FOR THE FRAY.

Dons Compelled to Run, but They Returned.

THEN THE AMERICANS RAN.

Consequently Honors Were About Evenly Divided.

YANKEE AMMUNITION RUNS OUT.

Thereupon the Spaniards Were Left in Full Possession of the Intrenchments Which They Occupied at the Beginning of the Battle.

At the Front With General Wilson's Column, Five Miles Beyond Coamo, Porto Rico, Aug. 12, via Ponce, Porto Rico, Aug. 15.—General Wilson moved one Lancaster battery out to the front for the purpose of shelling the Spanish position on the crest of the mountain at the head of the pass through which the road winds.

The enemy occupied a position of great natural strength, protected by seven lines of intrenchments and a battery of two howitzers.

The Spaniards were eager for the fray, and earlier in the day had fired upon Colonel Biddle of the engineer corps, who, with a platoon of company C of New York, was reconnoitering on their right flank.

As our battery rounded a curve in the road 2,000 yards away the enemy opened an artillery and infantry fire. Four companies of the Third Wisconsin, which were posted on the bluffs to the right of the road, were not permitted to respond to the infantry fire.

The guns advanced at a gallop in the face of a terrific fire, were unlimbered and were soon hurling common shell and shrapnel at the enemy at a lively rate, striking the emplacements, batteries and intrenchments with the rhythmic regularity of a triphammer.

THEY HAD THE RANGE.
The enemy soon abandoned one gun, but continued to serve the other at intervals for over an hour. They had our range and their shrapnel burst repeatedly over our men. One shell burst, the fragments killing Corporal Swanson of company L and seriously wounding Corporal Yanke and Privates Bunce and Vought.

Captain Paget, the British army officer who is with the American forces for the purpose of observing the operations in the field, distinguished himself by aiding Dr. Woodbury.

Here Captain Lee and Private Sizler of company F were wounded by Mauser bullets. In about two hours the enemy abandoned the other gun and the men began to flee from the intrenchments toward a banana grove in the gorge. Our guns shelled them as they ran.

One gun was now ordered to advance to a position a quarter of a mile further on. It had just reached the new position when Spanish infantry reinforcements fled into the trenches and fired down a deadly fire upon our men, compelling the battery to retire at a gallop.

Then both the enemy's howitzers reopened, and shrapnel screamed and Mausers sang. Another gun galloped from the rear, but our ammunition was exhausted.

SAVED BY A RIF.
Lieutenant Haines was shot in the body by a Mauser just before his gun retired, the ball following a rib.

The orders issued for two companies to advance were countermanded and the firing soon ceased.

Colonel Bliss of General Wilson's staff went forward to the enemy's line with a flag of truce and explained that peace negotiations were almost concluded and that their position was untenable, and demanded their surrender. The Spanish have no communication with the outside world, and the commander asked until tomorrow morning in order that he might communicate with Governor General Macias at San Juan.

General Wilson and his staff viewed the action from a hill at the right of the battery. The enemy's guns were fired from a high elevation with low velocity. The Spaniards had the ranges as accurately as they had at Santiago. Their position from the front is almost impregnable, but it can be turned.

Estimates of the strength of the enemy range from 500 to 1,000. Their position is five miles from Alibonito.

THE DON DEFIANT.
Notifies General Wilson to Stay Where He Is.
Headquarters of General Wilson at

Coamo, Aug. 13, via Ponce, Porto Rico, Aug. 15.—"Tell the American general if he desires no further shedding of blood to remain where he is."

This is the reply that the Spanish commander, Colonel Neuvillas, sent to General Wilson's demand for the surrender of Alibonito last night.

The orders to advance given General Ernst's brigade were countermanded upon receipt of the president's orders to suspend hostilities.

General Wilson sent a party with a flag of truce to notify the Spaniards of the suspension of hostilities, but the flag was not respected. This was by order of Governor General Macias.

Many officers of the American army express regret at the suspension of hostilities in the midst of the campaign.

MAGAYUEZ SEIZED.
Forces Under General Schwan Take the Place Without Resistance.

Ponce, Porto Rico, Aug. 15.—General Schwan has occupied the town of Magayuez, taking formal possession without resistance.

The Spanish force which had the place withdrew to Lares, about 16 miles northeast of Magayuez, and half way between the town last named and Arecibo, on the north coast of the island.

General Brooke is still at Guayama. The munitions and supplies for his division are being unloaded from the transports at Arroyo.

General Wilson is still at Coamo awaiting reinforcements of cavalry and dynamite guns before executing the plans formulated for the advance in the direction of Alibonito in co-operation with General Brooke.

On Thursday about 4 p. m. there was desultory fighting between pickets on General Wilson's line and those of the Spanish forces in his front. Two companies of the Second Wisconsin volunteers were sent out to support the pickets.

Prisoners captured during the day are reported at 2,500 Spaniards at Alibonito.

DISPOSITION OF TROOPS.
Many of the Volunteers Will Soon Be Mustered Out.

Washington, Aug. 15.—The war department is seriously considering the settlement of the questions growing out of the Spanish war.

The disposition of troops, the number to be retained, and what troops to muster out of service is one of the questions that is giving the department considerable concern.

The president has discussed this matter with Secretary Alger and General Corbin, and after going over the various phases of the situation has directed them to think over all the questions and recommend what is found to be best in their judgment.

The army probably will be reduced to 100,000 men, and the other volunteer troops, aside from this number, will be mustered out as soon as the department can conveniently do so.

It is believed at the department that now that there is no more fighting to do that the volunteer troops will be anxious to retire from service and get back to their various vocations.

Shipping Troops Home.
Santiago, Aug. 13, via Washington, Aug. 15.—Rio Grande, Seneca and Comanche with Ninth and Tenth cavalry, Fourth and Twenty-fifth infantry all loaded and will go out this afternoon, unless hurricanes, of which reports have been had as howling south of Jamaica, prevent. The Breakwater, City of Macon and Arcadia will go tomorrow with two light batteries and Twelfth and Seventeenth infantry. One of the hardest rainstorms we have had is raging this afternoon. Am getting the sick that have to be left behind in very comfortable condition.

Two thousand Spanish troops to be loaded tomorrow on only other ship that is in as soon as it can coal, probably two days. Hope to get troops off so as to be able to start the latter part of the week for the United States. Will ship 400 convalescents on Catalina Monday. SHAFER.

Will Soon Get Away.
Washington, Aug. 15.—By Wednesday or Thursday of this week it is expected by war department officials that all of General Shafter's command will have left Santiago for the United States. In a dispatch to the war department General Shafter says that the early departure of the troops now depends entirely upon the transports which are daily expected to arrive at Santiago. At the present time only about 5,000 men of General Shafter's corps are at Santiago, the remainder having already sailed for this country.

More Troops For Manila.
Washington, Aug. 15.—Arrangements have been made to send large reinforcements to General Merritt. With the troops already at Manila and those which will arrive within a very few days General Merritt will have 16,000 men. The 7,000 troops at

San Francisco are to be sent as rapidly as transports can be obtained. These transports are now on their way from Nagasaki to San Francisco. The war department is cancelling the charters to the various vessels used for the transportation of troops. The government purchased 13 vessels and chartered about 50.

One Fever Victim.
Washington, Aug. 15.—In connection with the report that yellow fever had appeared at Franklin, La., Surgeon General Wyman of the marine hospital service said that as soon as the report reached him he hastened two marine hospital surgeons to the place to make an examination and report. They found that one person had died from a fever and had been hurled.

Large Mails.
Washington, Aug. 15.—The reports from Santiago indicate that the amount of mail matter handled there is enormous. On July 27, Mr. Kemper, the agent, reports that 30,000 pieces of mail were sent to the United States. On July 29 12,500 pieces and on Aug. 1 14,500 pieces.

How News Was Received.
Chickamauga, Ga., Aug. 15.—The news that peace had been declared was received at Camp Thomas in various ways. Some of the more enthusiastic arranged small demonstrations and celebrated the event. Others plainly manifested their regret that they would see no active service, after their long and tiresome training here. The majority seem to be harboring hopes that they will be mustered out and sent to their homes in the near future. The health of the camp has materially improved during the last few days.

Palma's Message.
Washington, Aug. 15.—Senor Palma, the head of the Cuban junta, has sent the following cable by way of Santiago to Bartolome Maso, president of the Cuban republic: "I have, this 13th day of August, 1898, accepted, in the name of the Cuban provisional government, the armistice proclaimed by the United States. You should give immediate orders to the army throughout Cuba suspending all hostilities. Preliminary terms of peace, signed by representatives of Spain and the United States, provide that Spain will relinquish all claim over and title to Cuba."

Drill Is Continued.
Chickamauga, Ga., Aug. 15.—The men at Camp Thomas are now playing a waiting game, none of the officials seeming to know exactly what is in store for them or their men. The regiments ordered to new camps have received no orders indicating when they will get away, and the men of other regiments have almost ceased speculating on the disposition to be made of them. Meanwhile the regular work goes on and all commands are being steadily drilled.

Court-martialed and Shot.
Marquette, Wis., Aug. 15.—Word has been received here from Ponce, Porto Rico, that Private L. A. Duke of the Second Wisconsin regiment, who shot and killed Private Stafford of the regular army during a quarrel in a saloon at Ponce, was court-martialed Aug. 3, found guilty and shot on the morning of Aug. 4.

Pulling Themselves Together.
Santiago de Cuba, Aug. 15.—Everything is going very well here. Men that under ordinary circumstances would be sick are trying to pull themselves together so as to be ready to go. Large number of typhoid fever cases. I think I shall have things in three or four days so that I can leave, but will not do so until arrangements for those left are made. SHAFER.

Will More Troops Go?
San Francisco, Aug. 15.—The question of whether or not the sending of troops to Manila after the signing of the peace protocol will be continued is being discussed in army circles here. General Merriam referring to the matter said: "I shall make no change in the present arrangements unless so ordered by the authorities at Washington."

Requests For a Review.
Chickamauga, Ga., Aug. 15.—It is probable that another general review of the army will occur before any regiments are sent away. Many requests for the review have come to General Breckinridge, and it is believed he will act favorably upon them.

More Immunes Sail.
Savannah, Aug. 15.—The Third regiment, United States volunteers (immunes), Colonel P. H. Ray, sailed for Santiago on the transport Minnewaska. The repairs on the boat is said to have delayed the departure several days.

Customs Receipts.
Santiago de Cuba, Aug. 15.—I have the honor to report that there was taken in at the custom house here from July 30 to Aug. 13, inclusive, \$58,447.24. SHAFER.

EXPENSES OF WAR.

Uncle Sam's Bill With the Dons Cost \$150,000,000.

Washington, Aug. 15.—Although the war with Spain lasted only 114 days, it is estimated that it has cost the government so far \$150,000,000, of which \$98,000,000 has been actually paid out of the treasury.

Beginning with March 1, when the first increases in the expenditures in anticipation of war became apparent in the daily expenditures of the treasury, the actual disbursements on this account have been approximately as follows: March, army \$600,000, navy, \$2,400,000, total \$3,000,000; April, army \$1,200,000, navy \$9,800,000, total \$11,000,000; May, army \$12,000,000, navy \$7,000,000, total \$19,000,000; June, army \$16,000,000, navy \$6,500,000, total \$23,000,000; July, army \$29,500,000; navy \$5,500,000, total \$35,000,000; to Aug. 13, army \$5,500,000, navy \$1,500,000, total \$7,000,000.

Total charged to war department, \$65,300,000; total charged to navy department, \$32,700,000; grand total, \$98,000,000. The appropriations made by congress on account of the war aggregated about \$360,000,000, and cover the time to Jan. 1, 1899.

Money Returned.
Washington, Aug. 15.—The postoffice department is in receipt of a letter from an unknown correspondent at Seattle, Wash., who closed \$26.88 in in order to relieve his or her conscience. The letter stated that the writer had 10 years ago robbed a country postoffice of \$15 and this amount was returned, with interest at 6 per cent. It is feared by the postoffice officials that with the advent of a great number of letters containing money to and from soldiers there will be an increase in the amount of cash turned into the dead letter office.

Murdered in a Hotel.
San Francisco, Aug. 15.—Recent arrivals from Guatemala state that Emanuel Meyer, a German jeweler, well known in San Francisco, was murdered in a ghastly manner in room 10 of the Grand hotel, Guatemala City, on July 15, for \$31,000 and other valuables. Three natives, one of whom was recently in prison for murder, did the deed. He was showing them his valuables, when he was attacked.

A New Union Depot.
Chicago, Aug. 15.—Plans are being perfected for erecting a union passenger station on the land between State street and Pacific avenue and south from Polk street. The roads interested in the project are those now entering the Dearborn station just west of the proposed new depot.

Restrictions Removed.
New York, Aug. 15.—The central cable office of the Western Union Telegraph company reports that all the restrictions placed upon cable traffic to the West Indies, Spain and its dependencies by the government of the United States have been removed.

American Bark Lost.
Melbourne, Aug. 15.—The American bark C. C. Funk, Captain Nissen, which sailed from Tacoma May 22 for Melbourne, has been wrecked on Flinders Island, Tasmania. Eleven of those on board the bark, including Captain Nissen, his wife and two children, were drowned.

Filter Company's Plant Burned.
Dayton, O., Aug. 15.—Fire started in the Pasture-Chamberlin Filter company's plant on Wyandotte street Sunday morning, and before it could be extinguished the entire plant was gutted. The loss is placed at \$50,000; insured in local companies.

NEW HISTORY OF EUROPE BEGUN

That Is What the Ministerial Organ of Madrid Says, and It Seems to Think Spain Will Cut but a Small Figure in the Round-up.

Madrid, Aug. 15.—El Pais prints the text of the protocol signed by the United States and Spain with mourning borders and says: "Spain, without colonies, is reduced to the role of a third rate power."

El Imparcial says: "Peace will not bring to Spain even the rest she so much needs after three years and a half of war."

El Nacion says bitterly: "If Spain had at least been vanquished only after a furious and heroic struggle she could resign herself. Peace with the United States will only be a momentary respite from our misfortune."

El Liberal says the article in the protocol relating to the Philippines does not indicate that anything good for Spain will be fixed upon, and the question will not be settled favorably for her.

El Globe (Ministerial) pines for peace between Spain and the United States and says the communications on eastern questions which Day and Cambon have signed begin the first chapter in a new history of Europe.

El Tiempo (Conservative) says: "Peace is an accomplished fact. The bitterness of defeat does not prevent us from seeing with satisfaction the end of the war."

El Epoca says: "The peace is the saddest imposed since the treaty of Utrecht;" and expresses doubt "if a government which has allowed itself to be dragged into a war will acquire itself well by negotiating peace."

The governor generals of Cuba and Porto Rico have acknowledged the receipt of the news of the suspension of hostilities between the United States and Spain and announced the carrying out of the orders.

An order has been issued by the captain general of Madrid suspending the publication of the Republican newspaper El Pais.

Reports from Havana state that the bombardment of Manzanillo lasted from 3 o'clock until 9 in the evening and that attacks were made by the insurgents at various points. During the engagement 15 Spaniards were killed. The American commander summoned the town to surrender, giving the authorities three hours in which to capitulate.

News Received at Hongkong.

Hongkong, Aug. 15.—News of the cessation of hostilities between the United States and Spain was received here Saturday. The British steamer Australian, bound for Sydney, N. S. W., was chartered to carry the news to Manila. No other vessel was available for the purpose owing to the prevalence of typhoons.

Fight With Gamblers.

Bayboro, Ga., Aug. 15.—Sheriff Fisher and a posse of 13 men made a raid on a crowd of negro gamblers Saturday night. There were 75 or 100 negroes in the house and as Sheriff Fisher walked in some of the negroes began shooting, one ball hitting the sheriff in the hand, inflicting a painful wound. Two others of the posse were hit. The posse returned a vigorous fire and as a result five negroes were killed outright, three others mortally wounded and three more painfully, but not fatally hurt.

A Destructive Storm.
Sarabesville, O., Aug. 15.—A terrific storm passed over this part of Noble county, accompanied by heavy hail which largely destroyed the vast tobacco crop. Some farmers lost as high as \$500. Streams were flooded and other crops destroyed. Lightning set fire to many haystacks and over one-half of the wheat is spoiled. The wheat is growing in the stacks.

South McAlester, I. T., Aug. 15.—There promises to be serious trouble in the Choctaw nation over a proclamation just issued by Governor McCurtin, disfranchising 700 freedmen at the coming election on August 24.

Counterfeiters Arrested.
Detroit, Aug. 15.—A gang of counterfeiters of more than ordinary notoriety have been arrested here. Many plates were also secured.

FOR CONGRESS.
MORDECAI WILLIAMS,
 of Boyd County.

WAR was declared April 21st and hostilities ceased August 12th. It didn't take your Uncle Sam very long to bring the proud Spaniards to their senses.

A DISPATCH from Camp Alger, Va., says the shoes furnished the troops located there "are of poor make, consisting of pressed scraps of leather and brown paper." In other words somebody has been robbing Uncle Sam. Congress ought to hunt out these robbers and force them to refund, or put them in prison.

SECRETARY ALGER ROASTED.

Late reports from Washington City say it is almost certain now that there will be a Congressional investigation of Secretary Alger's conduct of the war department, at the instance of Republicans. It is said that the personal letter from Col. Roosevelt, made public by the Secretary with his response thereto, was two weeks old when given out, and that the publication was made at the instance of Senator Platt for the purpose of killing Roosevelt as a candidate for the Republican nomination for Governor of New York. Alger's favoritism and the politics he has injected into the war department seem to be too much even for the Republicans.

The New York Press, a Republican journal and an Administration organ, is scorching in its criticism of the Secretary. Here is what it says:

It has censured him for permitting his Ordinance Bureau to issue an ignominious and useless weapons to troops in active service when ample time remained before the outbreak of war to provide the whole army with an approved small arm, and when he had actually in store a supply of such arms sufficient ten times over for the armament of the volunteer regiments of Gen. Shafter's command. It has censured him for allowing men to sweater, winter clad, for months in torrid American camps and Cuban bivouacs when the least provision would have equipped them for the season and the latitude in which they served. It has censured him for what has seemed a perversion of his ingenuity in the selection of typhoid tracts, such as Falls Church and Miami, for the encampment of large bodies of troops. It has censured him for the failure to acquire a single live stock transport in advance of an expedition to which he had assigned a division of cavalry. It has censured him for assigning, under 'pressure' from Congressmen, 15,000 men, for whom Gen. Miles had not asked, to Porto Rico, while ignoring the demands of Gen. Merritt for 60,000 men for the Philippines. It has censured him for callous indifference or pettish retorts to sincere representations as to the existence of unnecessary hardships in the camp and field. It is now censuring him for violating the privacy of unofficial correspondence for spite at best; at worst for the conspirator's purpose of clouding the political future of one of the most valuable of the Government's servants, civil and military, in war and peace—a man whose example to the youth of the country is the most fortunate of antidotes to that which the purvey political methods of the Secretary himself have set. These are some of the things for which the country has censured the censorious Secretary.

THE RIGHT RING.

Col. Williams Says He'll Run
 Judge Pugh to a Stand-
 Off in Boyd,

And Feels Confident of Winning at the November Election—Will Make a Close Fight.

(Cincinnati Enquirer.)

Hon. Mordecai Williams, of Normal, Boyd County, Kentucky, was at the Palace Friday, returning home from his triumphal nomination for Congress by the Democratic cohorts of the Ninth district at the Cynthiana convention Thursday afternoon. Mr. Williams is an intelligent, modest, unassuming gentleman, whose certificate of integrity and uprightness of life is written so legibly in his features that he who runs may read. While profoundly grateful and appreciative of the distinguished honor paid him in a contest with conspicuous Democrats, he is not unduly elated or inflated at his remarkably successful race.

"I did not get to canvass much before the convention," said Mr. Williams, "on account of the illness of my aged mother, whom I was determined not to leave if it lost me the nomination. I threw no dirt in the canvass, and am confident that I went through the race from start to finish without making a single enemy. Aside from my friends, who were for me first, last and all the time, I believe that I was the second choice of nearly all of the delegates who went instructed for other candidates when there was no hope for their home man. Consequently I think my nomination gave general satisfaction in a convention with less acrimony than any I have ever attended. Yes, I am a farmer, and have been engaged in the timber business, as well, for 30 years, which gives me a large personal acquaintance in my district. This is the first time our county (Boyd) has had a Democratic Congressional nomination since its formation in 1860, and we concluded that it was about time one was coming our way. Boyd gave Judge Pugh, the Republican candidate for Congress, 850 majority, and Lawrence, the adjoining county, about 100 majority. I feel it in my bones that I can put both these counties in the Democratic column, which will elect me easily. Pugh's majority in the last election, and that in a Presidential campaign, with abundance of boodle, was less than 500, and in the previous election only 275. I am quite sure that I can run Pugh to a stand-off in Boyd County, at least. In Harrison County they told me I could count upon 1,300 majority. There is much Republican disaffection in Lawrence and Mason counties; in fact, all over the district I am reliably informed. I shall make an earnest, close campaign, and endeavor to make the personal acquaintance of as many of the people as possible between this and the November election. I was assured by the friends of all the candidates at the Cynthiana convention that I would have their cordial assistance throughout the campaign. I desired the nomination only in an honorable way, and got it altogether in that way, as my late opponents will all testify. A Republican paper states that I am the weakest nominee that could have been made among the candidates. That leads me to believe that I am quite strong, and gives me additional encouragement. If elected to Congress I shall devote my energies and influence to securing the further improvement of the Big Sandy river, in which the people of our section of the State are so much interested."

Mr. Williams married for his second wife Mrs. Neppie A. Roberts (nee Savage), who formerly taught at Holbrook's Normal School, Lebanon, Ohio. Mr. Williams is 62 years of age, well preserved and active.

Fourth Won't Go Yet.

LEXINGTON, Ky., Aug. 13.—A telegram from Assistant General Passenger Agent C. B. Ryan of the Chesapeake and Ohio road, to George W. Barney, General Agent in the Blue Grass region, to-night says: "Movement of Fourth Kentucky Regiment from Lexington to Jacksonville suspended, by order of Secretary of War."

They will probably not be moved to Jacksonville, but go East instead.

Consumption Positively Cured.

Mr. R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but no good relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years has been attending to business, and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for coughs, colds and consumption. It don't fail. Trial bottles free at J. J. Wood & Son's drug store.

—Mr. Geo. H. Frank and sister, Miss Anna, of this city, Miss Lottie Wilson, of Aberdeen, Rev. Graham Frank, of Nicholasville, and Mr. Ashbrook Frank, of Lexington, compose a party that left Saturday night for Pittsburgh and return on the elegant steamer Queen City.

—Lexington Leader: "The Misses Caden, of the Bryan Station road, are having a house party, their guests being Misses Nona Conroy, of Cincinnati, Bessie Brennan, of Evansville, Nellie Fitzgerald, of Maysville, and Josie Fitzgerald, of the county. The hostesses number six attractive sisters, making the party a very congenial one."

CLAUDE JOHNSON, colored, wanted at Carlisle for house-breaking; and horse-stealing, was captured at Fort Thomas Saturday, where he had enlisted in the volunteer army.

As the L. and N. train was backing up to the round house late yesterday afternoon preparatory for the last trip to Parks Hill, one of the coaches attempted to take two tracks, the front trucks keeping the main track and the rear taking the switch, resulting in three coaches being derailed. The fact that the train was not running fast was all that prevented a serious smashup. It required a couple of hours work to clear the tracks.

AMERICAN MARKSMANSHIP.

The World Never Saw Its Equal in Battles on the Sea—English Expert's Opinion.

LONDON, August 2.—The Daily Telegraph to-day contains a graphic description of the naval battle at Santiago from its special correspondent at Siboney, under date of July 4th, in which the writer presents "some considerations showing the terrible potency with which the United States ships and crews disposed of their enemy, the feebleness of the Spanish defense and the lessons which other navies can draw from the results of the battle." The correspondent says: "The Spaniards no doubt were hopelessly outmatched, but the damage, personal and material, that they inflicted on their opponents was so small in proportion to the weapons at their command that I am convinced that, had the conditions been reversed, the American sailors would have still won, though, of course, at an immensely increased cost. The battle also proved that it is useless, or worse than useless, because it gives a false security, to have modern ships and modern guns unless the men who are to work them are thoroughly trained in their use. In the Spanish navy such a thing as target practice was rarely heard of and the gunners were only indifferent and infrequently drilled.

"In the American navy, on the other hand, target practice and thorough drill were incessant. The result was that when the day of battle came the American gunners were able to give an exhibition of marksmanship in sea gunnery that has never been equaled in the world, and which the sailors of no other navy, not excepting even the almost overtrained gun captains of the French navy, can hope to excel, or even to equal. Training, and training alone, is the essential. European races are nearly all equally courageous and all are equally well armed, but victory must rest with that military organization which best prepares its men during the time of peace.

"So far the lessons of the naval portion of the American war are:

"That fast battleships are everything.

"Have big batteries on board.

"Teach the men to shoot well.

"As for personnel, the Anglo-Saxon can beat anything that floats.

"The battleship is, and must be, the great arbiter in naval warfare. Protected or partly protected cruisers will be helpless, except against their own class, and then victory will go to the ship that keeps up the most rapid and most accurate fire. The ship with the heaviest battery stands the best chance of success, other things being equal; and it is to be regretted that our own naval authorities do not arm our ships as heavily as some of our neighbors in proportion to their tonnage. We devote, no doubt, increased space to coal and reserve ammunition; but, as Lord Charles Beresford says: 'It's no use having tons of ammunition on board if you have not guns to shoot it quickly enough at your enemy whenever he appears.'

Electric Park.

You certainly get your money's worth at this popular place. Think of it, a regular city vaudeville show and a four mile street car ride for the trifling sum of 10 cents! Go out early and take a ride on the "merry-go-round" or take a sby at the popular game of bowling.

This week's offerings are "The Two Fantas" and their funny little pig who made a big hit earlier in the park season in their comedy acrobatic act, introducing the laughable boxing contest. The clever comedy duo Sam Mayfield and Laura Lee in their up-to-date comedy sketch "A Mixed Affair," introducing singing, dancing, roller skating; and terminating with a most laughable finale. Lew Seeker and 'Rastus will appear in a brand new sketch. Go out to-night.

The excursion from this city to Cynthiana Friday was conducted by Isaac McPheters, Frank Brady and Grayson Morton and be it said to their credit there was not the slightest disturbance going or coming. The excursionists were all on their good behavior and everything passed off pleasantly. Captain Kirby was conductor and the managers desire to extend thanks for his efficient work.

The Paris Kentuckian in its Cynthiana convention notes has the following: "When Judge Cole's young son, Green-up's candidate for nomination, arose to endorse his successful rival's nomination, he looked so youthful Mary Smith asked: 'Why, was he a candidate? Wonder if he isn't scared that he has to speak?' His fine speech showed he was not even little scared, but could cope with the oldest."

The Paris Kentuckian in its Parks Hill camp meeting notes says: "Rev. Dr. J. C. Molloy, Presbyterian, of Maysville, delivered two fine discourses, his lecture on 'Florence,' made into a sermon, and 'Travelers Through Time.' They were rare treats."

HE KICKED,

But Had To Go—Charley Ramsay, the Notorious Thief, Taken To Moscow, Ohio.

Charley Ramsay, a notorious character, was captured last Thursday by Policeman Thompson and jailed to finish serving out a sentence from the Police Court. He had skipped while on the rock pile some weeks before, and during his absence from Maysville a robbery occurred at Moscow, O., in which Ramsay is charged with figuring as one of the principal characters.

Saturday morning an officer from Moscow came up and arranged with the local authorities to release Ramsay on condition that he would leave the State forthwith. Ramsay had pleaded that he was sick and unable to work out his fine and to get him out of the State would be a good riddance.

The Ohio officer concealed himself on the ferryboat and got his man as soon as Policeman Wallace released him.

Ramsay is an old offender and dropped on to the scheme, as soon as Judge Wadsworth told him he would be released on the conditions named above.

"Won't you give me till night, Judge, to make my arrangements?" pleaded Charles.

"Not a bit of it, Charley," replied the Court.

"Well, Judge, there's some officer down there at that boat waiting for me, I'll bet, and I guess I'll go back to jail."

The Judge wouldn't listen to Ramsay's pleadings however. Chief Donovan and Policeman Wallace handcuffed their man, and the latter escorted him to the ferry.

The Ohio officer returned to Moscow on the Courier with his man.

ANOTHER ROBBERY.

The Gang of Sneak Thieves Made Another Raid Saturday Night—Got Over \$30.

The gang of sneak thieves who have been at work in the Fifth and Sixth wards made another raid Saturday night, and secured something over \$30 from Mr. Jacob Cabbish, Jr., and \$1 from Mr. James Dunbar.

Mr. Cabbish and Mr. Dunbar reside on Second street, Sixth ward, one of the families occupying the first story and the other the second. Both families were

away from home at the time of the robbery.

The thieves effected an entrance through a screen window into the kitchen, and then ransacked the house.

Officers are at work on the case, but have secured very little if any clue to the thieves. This is the fourth house visited by thieves in that end of town lately, all when the occupants were away from home.

HAD HIS COFFIN READY

Took Poison and Crawled Into the Casket.

WAS DEAD IN A FEW HOURS.

Informed His Wife of His Intention, but She Had Heard Him Talk That Way Before, and Paid No Attention to Him.

Kokomo, Ind., Aug. 15.—Joel English, an eccentric character of this city, committed suicide on his seventy-third birthday, at his home on West Jefferson street.

He got out a coffin he had had in the house for 15 years and told his wife he would be lying dead within it inside of an hour.

Mr. English had threatened suicide so often that his wife only laughed and told him she had heard him talk that way before.

This time he was in earnest. He swallowed an ounce of laudanum, and, standing his gun up in a corner, declared he would kill any doctor that would be sent for to pump out the poison.

Mrs. English still thought he was shamming and did not summon a physician or pay any attention to him. In the morning the old man was found dead in the coffin.

Died on a Train.

Winchester Depot, Ky., Aug. 15.—Isaac Miller, who dropped dead on the eastbound Chesapeake and Ohio train near Louisville, was a half brother of Dr. Wash Miller, president of the Citizens' National bank of this city. He was on his way here from his home in Tennessee to attend the funeral of his son, William Miller, whose remains are expected here from Skagway, Alaska, where he died several months ago. The remains of the elder Miller will also be brought to Winchester and father and son will be interred in the same grave.

Killed by His Wife's Parano.

Georgetown, Ky., Aug. 15.—A difficulty occurred about three miles below Leesburg between Jim Davis and Pete Mitchell, both colored, in which Mitchell was shot and killed. Davis and Mitchell's wife were returning from a picnic at Cynthiana when they were discovered by Mitchell. Several years ago the two men had a difficulty over the same woman, when Mitchell killed Davis full of shot. Davis is still at large.

Killed by His Friend.

Bedford, Ind., Aug. 15.—James Riley, a stonecutter, was accidentally killed by his friend, Frank Davis. Davis was cleaning his gun when it was discharged, the charge striking Riley in the neck and killing him almost instantly.

Crushed by the Wheel.

Muncie, Ind., Aug. 15.—While crawling under a moving train Willie Cooksey, 10, was caught and pinned by the wheels. His left arm was torn from the socket, his body was mangled and he received fatal injuries.

HUNTING FOR RYAN.

Noted Robber Being Pursued By Posse With Bloodhounds.

Kokomo, Colo., Aug. 15.—A posse with bloodhounds is scouring the hills in search of Pug Ryan, the robber. He escaped after a shooting affray in which two men were killed and two mortally wounded.

Ex-Deputy Sheriff M. E. Conrad of Breckinridge located the hand of outlaws who robbed a saloon in that town Thursday night in a cabin near Kokomo.

With Sumner Whitney, a well known business man of Kokomo, Conrad went to the cabin to investigate. The bandits opened fire. Conrad fell dead at the first shot. Whitney was mortally wounded, but he continued firing and succeeded in killing Dick Bryan and mortally wounding Dick Manley.

Corbin Is Lined.

Washington, Aug. 15.—The president desires to have Adjutant General H. C. Corbin, a member of the peace commission, and it is probable he will be selected. The matter is being considered in reference to the duties which will come under General Corbin's direction in relation to the suspension of hostilities, and if it should appear that the duties which he will be called upon to perform as adjutant general can be assumed by another officer without detriment to the service, General Corbin no doubt will become a member of the commission.

Took a Few of Them.

Santiago de Cuba, Aug. 15.—Luzon sailed Sunday afternoon for Spain with 2,056 soldiers, four priests, 16 women, 34 children and 137 officers; total 2,237. SHAFER.

Washington, Aug. 15.—Italy has congratulated the United States on the successful termination of the war.

HE SIGHTED CERVERA.

Story of the Signal Boy Who Gave the Alarm at Santiago.

A perfect army and navy presupposes not only that all the individual members of such are courageous and capable, but also that they have the feeling of personal responsibility, are in thorough sympathy with the cause for which they fight and are devotedly attached to the country in whose service they are engaged. Probably nowhere else are those requisites more frequently met with than in the army and navy of the United States.

Joseph T. Gaskin is only a signal boy on board the Iowa, but had it not been for his unremitting attention to his duties, his keen sight and reflective mind Cervera's fleet might have escaped uninjured from the harbor of Santiago.

Young Gaskin was on duty on his ship on the morning of July 3 and was watching the entrance to the harbor keenly. He was more than usually alert, as he had reported the night be-

JOSEPH T. GASKIN.

fore that he had seen three distinct lines of smoke inside the harbor to the left, and he believed Cervera's ships were getting up steam, and, as he put it, "were going to make a break in the night."

He saw at 9 o'clock and reported the fact that the lines of smoke before noted had moved toward the entrance. Fifteen minutes later he reported the smoke moving more rapidly, and of his own accord prepared the signal numbers 2-5-0, meaning "The enemy's ships escaping," and made them ready for hoisting. At half past 9 o'clock he saw the first emerging warship, and reported the fact to the navigator, who ordered him to hoist the emergency signal. He did so, and the navigator said: "Sound the alarm, bugler! Sound general quarters!"

Then the battle was on. The hero of this incident has his home in Newark, N. J., where he was educated. He enlisted in the navy two years ago as an apprentice, and has an elder brother on the Portsmouth.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

The market continued strong during the present week, and while the offerings were light, rejections were few. An advance in low grades was noticeable.

From next Tuesday on all the buyers will again be in attendance, and we anticipate a strong demand.

The Farmers' and Shippers' Warehouse Company in their circular has the following:

After a vacation of two weeks, we will begin sales again on Tuesday next, August 16. All the prominent buyers who have been absent for the past two weeks will return to-morrow and next day. Next Tuesday we have the second sale, and as the buyers have had a good, long rest, we are anticipating quite a good market, and advise our customers and friends to offer some of their holdings. Advances from the tobacco district in Kentucky, Ohio and Indiana, indicate a very rapid growth and a strong probability of a good average crop of tobacco, barring any accident from now on.
